

Coach the Coaches (Tag-Rugby)

The Rugby Doctor has developed the following modules to assist volunteers who are perhaps new to rugby and who may be coaching Tag-Rugby for the first time. The Rugby Doctor will also undertake the design and delivery of 'tailored' sessions addressing particular areas of need.

- # An introduction to Tag-Rugby
- # Making Tag-Rugby fun
- # Tag-Rugby tactics
- # Coaching core-skills through Tag-Rugby
- # Refereeing Tag-Rugby

The modules may be delivered individually, (for example on school inset days), or as components in a pre-season or early-season programme, ensuring that appropriate coaching is available for all Tag-Rugby players.
